Oops—these kids had a mixup! Their pets' tags got jumbled. Help them by drawing a line from each pet to that pet's tag.

Here's a hint: Each tag has a pet's name on it. Each pet is named for the way he or she looks!

A tag is a lost pet's ticket home!

Cats and dogs should always wear tags with their family's address and phone number. If they get lost, tags can help get them home safely.

Draw a pet tag on the back. Make it any shape you like. Write a pet's name on it. Then write your phone number underneath.
